

Use Case Diagram about Sending Email

Student: Youssef Kaya

October 8, 2025

1. Objective

The goal of the exercise 2 is to design a use case diagram for a mail messaging system studying its requirements .

2. Use Case Description

The system involves one primary actor the **User**. **Remarque:** For the antivirus system it is an internal actor so it is wont be a main actor , otherwise if it is external , then it will be a principal actor.

3. Use case diagram : Final
